INTRODUCTION

- THIS PRESENTATION IS AN INTERPRETATION OF THE KSP (KENT STREET PETROLEUM) LEARNING MAP.
- KSP LEARNING MAP IS A MAP WHICH SHOWS THE DIFFERENT ASPECTS OF KENT STREET PETROLEUM.
- THIS PRESENTATION IS GOING TO DISCUSS THE DIFFERENT COMPONENT OF LEARNING MAP AND HOW THIS COMPONENT RELATE TO KSP.

PARTNERSHIP AND PLANNING

- In KSP, we established a favorable relationship with our communities, workforce, competitors, customers and each other. Engineers, Government, Suppliers, Customers, Joint venture partners are the Stakeholders.

CHOOSING PATHWAYS

- The KSP way is consist of organizational excellence and the Capital Stewardship & Organizational Capability. As we can see from this picture there is two pathways which is separating into 2 different direction.

CONSEQUENCES

- In KSP, we have to face many consequences when we are doing big projects like the Gorgon project and Wheatstone project. These projects are KSP's two main source of energy that powers Australia.

HUMAN ENERGY- RESOURCE TO SUCCESS

- Human energy is one of the main resource towards success. In KSP, we admire and respect the differences in talents, thoughts, creativity and culture that our workforce has to offer in business. We integrate these aspects to develop a unique business.

THE SURROUNDING COMMUNITY

- Community is mandatory. KSP respects the surrounding community and environment when executing projects.

THE BROWSE PROJECT
